FF6718 5W-30 6718

Premium synthese engine oil designed for MAZDA diesel and gasoline engines.

Product properties:

- Ester components provide excellent anti-wear and anti-friction properties due to the exceptional durability of the oil film, which, combined with excellent pumpability, significantly increases engine life even in engines with start-stop systems;
- Effectively saves fuel due to low HTHS viscosity;
- Ensures easy cold start due to excellent pumpability, significantly reducing engine startup wear;
- Maintains optimal viscosity in a wide temperature range, which ensures stable engine operation even during overloads;
- The synthetic base guarantees low volatility;
- Excellent washing and dispersing properties and the highest thermal-oxidative stability effectively prevent all types of deposits and keep engine parts clean throughout the service life;
- High thermal-oxidative stability effectively resists ageing and extends the oil change interval.

Developed for gasoline and diesel engines of passenger cars and light trucks from MAZDA complying with EURO III, IV, V standards or engines where SAE 5W-30 oil or oil conforming to ACEA A5 / B5 standards is recommended.
